

GREATER HYDERABAD MUNICIPAL CORPORATION

SKOCH INDIAN CITIES 45th summit

Dr.B. Janardhan Reddy, Commissioner, GHMC has attended SKOCH INDIAN CITIES 45 th summit at Hi-tech City, in the summit the following are the panel discussions have been held with regard to Prevent My City from sinking, breaking free from garbage. The following are some of the bullet points:

- Downpour of 24 centimetres of 24 hours is very difficult to control
- Encroachments of the Nala should be avoided
- Population increased manifold
- All citizens must cooperate including Non Governments organizations and public representatives to face the emergency Situations.
- There is every need to communicate all the Nala side people to vacate during heavy down pours, floods.
- The GHMC pursue satellite rain predictions and send alerts to all the people through What's APP / Radio, TV groups.
- Manhole management is very important.
- In the summit 8 various Municipal Commissioners from different Municipal Corporations of the Country have attended the summit.
