The powers delegated to IALAs by the Government are as per the AP Municipalities Act. Under HMC Act, no rules were framed delegating powers to IALAs. Thus the powers which the IALAs in GHMC limits are exercising are not statutory. Moreover the technical competency of IALAs in implementing the master plan is limited.

Hence the Government is requested to handover the administration of IALAS to GHMC.

The APIIC may be requested to get ratification for all the building permissions given so far after formation of GHMC and the entire amount collected towards building permissions and property tax may be transferred to GHMC.

The Commissioner, GHMC is requested to take further action pending ratification by the Corporation.

Condolence resolution on mass disaster of human lives during torrential rains occurred on 16.06.2013 in Uttarakhand and also the bomb blast in Dilsukhnagar, Hyderabad.

RESOLUTION NO. 309 Dated: 03.07.2013.

The Corporation appalled over the mass disaster of human lives and valuables during the torrential rains on occurred on 16th June, 2013 at Uttarakhand. The drastic event of natural calamity has gulped thousands of pilgrims and tourists in Char-Dham, Uttarakhand. Thanks to our combined Armed Forces that endevoured hard to evacuate the affected arena by bring the stranded pilgrims and tourists to safety, and unearthed many dead bodies trapped in the silt and debris. Apart from the survivor stranded pilgrims, some bodies were recovered, some have washed away to unknown destinations in the floods and many were trapped under the silt and debris

Further, the Corporation could not forget the ghastly event of bomb blast at Dilsukhnagar in the recent past, where many innocent people lost their lives. The Corporation extended heartfelt condolences to the bereaved family members of the victims of both the gruesome events.

The Corporation observed two minutes silence as a mark of respect to the departed souls and prayed God Almighty to bestow strength and courage to them, and to bestow peace and rest to the soul of the departed leader.

Item No. 17 of Agenda No. 23.

Preamble submitted by the Commissioner, GHMC – A.C. (Planning) – Merger of (15) Gram Panchayats surrounding GHMC, in the limits of GHMC – Views/ suggestions/objections called for by the Govt. in its G.O.Ms. No. 124, MA&UD (Ele.II) Dept., dated 26.03.2013, as required u/S 3(2) of the GHMC Act, 1955 - Placed before

the Corporation for sending the view, suggestions and objections to the Govt. - Regarding.

RESOLUTION NO. 311 Dated: 03.07.2013.

The Corporation unanimously resolved to request the Govt. to maintain status quo on the GHMC's jurisdictional area and to drop the proposal to merging more gram panchayats with the GHMC, as enunciated in its G.O.Ms No. 124, dated 26.03.2013 of MA & UD (Ele.II) Department, issued duly proposing to merge of 15-Gram Panchayats surrounding the GHMC, in the limits of Greater Hyderabad Municipal Corporation. Apprehensions crop up that the GHMC may become unwieldy or slips into urban chaos and hence the matter is still premature at this juncture, as set out in the following views & suggestions.

1) The GHMC lacks the wherewithal in administrative and financial terms to provide adequate infrastructure and civic amenities to the people in its existing jurisdiction. The population in the existing GHMC is estimated to go up to more than one crore by 2021.

2) The GHMC has finalized its additional staffing pattern, for its existing area and sent the proposals to the government for approval, after remaining under-staffed for the last six years. The exercise for reorganization of the administrative unit under GHMC (i.e., Zones and Circles), is being take up after sanction of the additional staff. The state cabinet has approved the additional staffing pattern for GHMC. Expansion of GHMC area at this stage would entail more additional staff and another reorganization of its units.

3) The magnitude of funds to be released by the State Government is grossly inadequate in terms of additional expenditure to be incurred towards the development of Gram Panchayats proposed to be merged into GHMC limits.

4) Quantum of funding from the Central Govt. is going to come down because JnNURM Phase-II is focusing on Tier-II cities and not on metropolitan cities. Funding under Rajiv Awas Yojana would be only for making existing GHMC a slum-free city. More central grants are thus ruled out.

5) The State Government is not providing any financial support to GHMC except passing on the 13th Finance Commission grants and JnNURM funds allocated by the Central Government. The State Government. is not devolving its own funds to the GHMC by not implementing the 2nd and 3rd State Finance Commission recommendations and by not constituting the 4th State Finance Comission. The State's own financial position precludes any additional devolution of tax revenues to GHMC.

6) There arises apprehension of raising hue-and–cry over the inclusion of Gram Panchayats resulting into monolithic territory of the GHMC without adequate sufficient administrative mechanism and improved civic services, as the 12 municipalities merged earlier in the erstwhile MCH could only added to the tax burden on residents without equivalent reciprocation by the GHMC and other civic amenities providers such as HMWSSB, APCPDCL, HMDA, etc.

7) Till the financial positions of GHMC stabilizes and its implements the long-term projects and schemes for making its existing jurisdiction into a world-class city, there is not point in adding more areas with

fast-growing population to it, since the existing area is poised to see rapid growth in population and activity.

8) The world-wide trend is to split the monolithic megapolises into smaller units. The Union Territory of Delhi was having two municipal bodies till recently i.e., (i) New Delhi Municipal Council and (ii) Delhi Municipal Corporation. The Delhi Municipal Corporation was split into three Corporations viz., North Delhi, South Delhi and East Delhi Municipal Corporation in December, 2011 and elections to these new corporations were held. Delhi has four civic bodies now.

9) Already, the existing jurisdiction of GHMC comes under two Police Commissionerates (Hyderabad and Cyberabad) and District Police (Medak) and three District Collectorates (Hyderabad, Ranga Reddy and Medak).

10) Authorities to maintain streetlights / electricity / water supply / drainage / swereage / etc., and other civic amenities, and also the authority by which the respective cess/fee/tax/etc., should be collected in the vicinity of proposed Gram Panchayats, are not specified.

11) Already developed Gram Panchayats like Manikonda, Nizampet, Bachepally, etc., located adjacent to Kukatpally, are not proposed to be merged into GHMC. If these Gram Panchayats had been included, there would not be any burden on the exchequer of the GHMC.

12) Most of the Gram Panchayats proposed for merger with GHMC are either possessing agricultural lands producing various useful crops (vegetables, etc) or falling under catchment areas of Osman Sagar (Gandipet) and Himayath Sagar serving GHMC to some extent. These agricultural lands and catchment areas will become barren after the merger.

13) Category-wise electorate/population i.e., SCs, STs, BCs, Minorities including Men & Women etc., dwelling in the 15-Gram Panchayats proposed to be merged is not mentioned.

14) Topography of territories showing the boundaries and georaphical contiguities of the 15-Gram Panchayats proposed for merger are to be determined.

In view of the reasons cited above, the Corporation unanimously rejected the proposal of the State Government for merger of 15 Gram Panchayats into the GHMC. Pending confirmation by the Corporation, the Commissioner, GHMC is requested to implement the resolution.

RESOLUTION NO. 330 Dated: 16.09.2013.

The GHMC unanimously resolved to request the Government to maintain status quo on the original jurisdictional area of GHMC and to keep in abeyance its recent orders issued on merger of Gram Panchayats including the said (13) Gram Panchayats, into the GHMC. Apprehensions crop up that the GHMC may become unwieldy or slip into urban chaos and hence the matter of merger of more (13) Gram Panchayats looks premature at this juncture, as set out in the following views and suggestions.

1. The Greater Hyderabad Municipal Corporation (GHMC) was formed in the year, 2007, with the merger of 12 erstwhile municipalities of Rangareddy and Medak districts, into the erstwhile Municipal Corporation of Hyderabad. Consequently, the area under the premier civic body in the State capital increased from 172 square kms to 625 sq kms and the population rose from 36 lakh to 55 lakh.

2. The Government issued G.O.Ms No. 124 MA&UD Department dated 26.03.2013 containing draft notification and G.O.Ms. No. 125 MA&UD Department, dated 26.03.2013, calling for objections and suggestions from the public and the Corporation (GHMC) on the proposed merger of 25 Gram Panchayats in Rangareddy district into the GHMC. The proposal included merger of 10 Gram Panchayats on which the GHMC had passed resolution No. 255, dated 13.11.2008 (when there was no elected body in office, and when the powers of Standing Committee and General Body were vested in the Special Officer).

3. When the proposal for the inclusion of (15) Gram Panchayats came up before the Corporation of GHMC at its meeting held on 3rd July 2013, the Corporation rejected the Government's proposal for inclusion of the Gram Panchayats into the GHMC.

4. The resolution *inter alia*, stated that, the GHMC unanimously resolved to request the Government to maintain status quo on the GHMC's jurisdictional area and to drop the proposal to merge more Gram Panchayats with the GHMC, as enunciated in G.O.Ms No. 124, dated 26.03.2013, and that apprehensions crop up that GHMC may become unwieldy or slip into urban chaos and hence the matter is still premature at this junction.

5. As matters stood thus, the Government issued G.O.Ms No. 364 MA&UD Department dated 27.07.2013, containing draft notification for the inclusion of another 13 Gram Panchayats into the GHMC and inviting suggestions and objections from the general public and the Corporation (GHMC).

6. Suddenly, on 31st August 2013, the Panchayat Raj and Rural Development Department issued G.O.Ms No. 392 denotifying 15 Gram Panchayats in Rangareddy district. The same day, MA&UD Department issued G.O.Ms No. 407, dated 31.08.2013, effecting the merger of these 15 Gram Panchayats with GHMC with immediate effect. Subsequently, the PR&RD Department issued G.O.Ms No. 397 dated 03.09.2013, denotifying 6 Gram Panchayats, and MA&UD Dept issued G.O.Ms No. 410 on the same day, duly merging these 6 Gram Panchayats into GHMC. Again, PR&RD Department issued G.O.Ms No. 403 dated 05.09.2013 denotifying 15 Gram Panchayats and MA&UD Department issued G.O.Ms No. 416 on the same day for merging these 15 Gram Panchayats into the GHMC.

7. As a consequence of the issuance of these G.Os by PR&RD Department and MA&UD Department, the Government sought to denotify a total of 36 Gram Panchayats and merge them into the GHMC, thereby extending its area from 625 sq. kms to 923 sq kms and pushing up its population from 67.32 lakh to 71.70 lakh, disregarding the fact that the Corporation (GHMC) had rejected the earlier proposal for merger of 15 Gram Panchayats and it was to take up the other draft notification of MA&UD Department (vide G.O.Ms No. 354 dated 27.07.2013) proposing the merger of 13 Gram Panchayats at the meeting of the Corporation fixed on September 16, 2013.

8. The GHMC council, which deliberated on the issue at the meeting held on 16th September, 2013, felt that the merger of Gram Panchayats into GHMC at this stage would be both impractical and unviable, since the GHMC presently lacks the administrative strength and financial resources to administer and provide civic amenities in the new areas spanning about 300 sq kms with a population of 4.4 lakh.

9. Over the last six years, the GHMC could not provide basic civic amenities and administer peripheral areas of 12 erstwhile municipalities (which were merged with erstwhile MCH for formation of GHMC) owing to severe financial crunch and shortage of staff. The civic infrastructure viz., roads, water supply, drainage, storm-water network, street-lighting, etc., could not be adequately provided in the peripheral areas comprising 50 wards of GHMC, even as these civic amenities remain inadequate in the core area (i.e., 100 wards in Hyderabad District).

10. The major chunk of revenues of GHMC is derived from collection of Property Tax and Town Planning Fees, and the receipts generated from Trade Licenses are meagre. The revenue earned, along with the allocated funds from the Government, is spent for providing citizen services like sanitation, health services, street lights, city planning etc. The revenue expenditure itself is around Rs.1,100 crores per annum out of the total revenues of Rs. 1,800 crores. The funds availability for capital works is not more than Rs 500 crores to Rs 600 crores per annum.

11. During the 11th and 12th Finance Commission, the Finance Commission has not allotted any funds to the GHMC for providing basic amenities. The 13th Finance Commission allocated Rs.505.68 crores to the GHMC but only Rs 81.09 crores was released by the Government so

far. An amount of Rs 424.59 Crores is to be released under 13th Finance Commission grants. GHMC has proposed Draft Annual Development Plans for the years 2015-16 to 2019-20 for seeking assistance of Rs 2,736 Crores from the 14th Finance Commission for the five-year period.

12. The GHMC has drawn long-term plans for improvements to storm water drainage, sewerage and water supply network and solid waste management in the existing areas with a massive outlay of Rs 31,200 Crores. The improvement of traffic and transportation network would require Rs 1,00,000 Crores (@ Rs 5,000 Crores per annum for 20 years). The total outlay required aggregates to Rs 1,31,200 Crores.

13. The GHMC is passing through a financial crisis and is unable to meet its requirements for provision of civic amenities in its existing area. Though the GHMC requires infusion of funds for taking up the civic infrastructure projects of the gigantic magnitude indicated above, the quantum of funds available from both the Government of India and the Government of Andhra Pradesh is limited and uncertain.

14. In fact, the quantum of funding from the Government of India is expected to come down significantly because JNNURM Phase I has ended and JNNURM Phase II is focusing only on Tier-II cities and not on metropolitan cities. Funding under Rajiv Awas Yojana will be available only for making existing GHMC a slum-free city. More central grants are, thus, ruled out.

15. The State government is also not giving any financial support to GHMC, except for passing on the 13th Finance Commission grants and JNNURM funds allocated by the Government of India to this civic body. The State government is not devolving its own funds to the GHMC by not implementing the Second and Third State Finance Commission recommendations and by not constituting the Fourth State Finance Commission. The State's own financial position at present precludes any additional devolution of tax revenues to GHMC.

16. The Government has approved the additional staffing pattern for the existing area recently, after the GHMC remained under-staffed for the last six years. 2,701 additional posts sanctioned by the Government are yet to be filled up. The exercise for the reorganization of the administrative units under GHMC (viz. Zones and Circles) is being taken up after the sanction of additional staff. Expansion of GHMC area (and consequent increase in population) at this stage would entail more additional staff, another reorganization of its units and consequent additional financial burden on the GHMC.

17. The world-wide trend is to split the monolithic megapolises into smaller units. The Union Territory of Delhi was having two municipal bodies till recently: New Delhi Municipal Council (NDMC) and Delhi Municipal Corporation (DMC). The DMC was split into three corporations—North Delhi, South Delhi and East Delhi Municipal Corporation in December 2011. Delhi has four civic bodies now.

18. Till the financial position of the GHMC stabilizes and it obtains the massive resources required for implementing its long-term projects and schemes for making its existing jurisdiction into a world-class city, this premier civic body cannot allow addition of more areas with fast-growing population into its fold, since the existing area itself is poised to see rapid growth in population and activity in the next two decades.

19. The citizens are paying various taxes to the Government of India, the State Government as well as the local bodies (GHMC, etc). But they feel that there is no improvement in provision of amenities as per their requirements in the existing GHMC area. It is causing them utmost unrest and dissatisfaction, since the inclusion of 12 erstwhile municipalities into erstwhile MCH six years ago not only added to tax burden on the residents in the core city and peripheral areas without improving their access to modern civic amenities but also added more financial stress to the resource-starved GHMC.

In view of the reasons cited above, the Corporation has unanimously rejected the proposal of the State Government for merger of (36) Gram Panchayats into the GHMC. Further, the Commissioner, GHMC is directed not to execute work in the areas of newly merged Gram Panchayats, by incurring the expenditure from the GHMC budget, till the Govt. delivers a white paper clarifying the release of funds, and role of various departments viz., HMWS&SB, APCPDCL, HMDA, etc.

measurmenets of the work from other Executive Engineers and prepare the abstract for processing the bills.

Also, for the finalization of these tenders and award of works, the Commissioner, GHMC may constitute a committee consisting of the three Chief Engineers of GHMC and the Additional Commissioner (Finance) of GHMC.
